Holding an Event on Council Owned or Managed Land

Coolamon Shire offers a range of fantastic parks, open spaces and community halls that are available for you to use and enjoy. We actively encourage local and community events to be held on land owned and managed by Council.

This Kit

The purpose of this application kit is to assist event organisers through the various stages, forms and documentation required by Coolamon Shire Council.

Event organisers are encouraged to read through this information before completing the event application. We also encourage event organisers to contact the events team prior to submitting an event application.

The Application Process

1. **Read this information pack** and make sure you understand everything you need to provide. If things are missing when you submit your application, delays could result in your approvals.

Event Application Form

If you are holding an event in the Coolamon Shire please complete an 'Event Application Form'. The application form provides Council with your event details for review and assessment. A number of documents are required to be attached to your application, these include:

- ➔ Event Site Plan
- ➔ Risk Assessment Plan

Further information is detailed below on the above forms and documents.

Events may require a one-off Development Application. If your event requires additional Development Consent, a staff member will contact you to advise if this is required.

Event Site Plan and Program

Event organisers are required to provide Council with an event site plan, this is a plan/diagram of the site that details a number of items.

The site plan needs to include the following, if they apply to your event:

- Stage arrangements – layout and location
- Lighting
- Sound, speaker and musician set up
- Location of marquees, tents and stalls
- Location of toilets
- First aid station(s)
- Security information
- Parking arrangements
- Location of attractions and/or amusements
- Positioning of temporary boundaries or fencing (entry/exit points, ticket box)

Your program should list or outline activities planned for the event.

Risk Assessment and Management

Event safety is very important and a risk assessment is required for all events as part of the application process.

The reasons for providing a risk assessment are:

- Duty of Care to provide a safe place for event staff, volunteers, participants and attendees
- Protecting the event owner and partners
- Protecting the reputation of the event
- Complying with insurance requirements

Some examples of hazards include, holes in the ground, electrical leads, overcrowding, uneven surfaces, alcohol affected behaviour and water hazards. These hazards can be rectified with simple solutions. By identifying potential risks early, you can develop measures that reduce the chance of an accident or emergency.

Basic Process of Risk Management

Development Application Requirements

A Development Application (DA) is a formal request for permission to carry out proposed development, including the use of premises.

Holding an event may require the lodgement of a development application to Council. Some events are exempt from development which is determined under the *State Environmental Planning Policy 2008 (Exempt and Complying)*.

If your event requires additional Development Consent, a staff member will contact you to advise if this is required. If you would like to discuss the DA process, please contact Council's Planning and Development Team.

Information regarding the State Environmental Planning Policy can be found here -

Other Information

Noise

Noise at events can be higher than normal. Factors contributing to noise levels can include music, large crowds, vehicles and generators. Remember to factor in the likelihood of high noise levels and manage them to minimise the effect on neighbouring residents. Noise pollution is a source of many complaints to authorities in communities.

Security

Event security may be required. The circumstances under which you may need security include ticketed entry, alcohol service, valuable goods, equipment or vehicles on site.

Food Stalls

To ensure the operation of food stalls are carried out according to adequate Health and Safety requirements, Council's Safe Food Handling Policy should be referenced.

Inspection of food stalls may be required by Council. Please contact Council's Planning and Environmental Services section to discuss further.

Event organisers and food stalls are to be made aware of Council's Safe food handling policy. It is the responsibility of event organisers to pass this information onto stall holders.

Alcohol

If you are intending to serve or supply alcohol at your event, visit the below websites for information regarding issues that may affect the service of alcohol and approval requirements.

- www.onegov.nsw.gov.au/new/categories/liquor-gaming

Promoting your Event

There are a number of methods and channels to market and promote your event. Your research into your markets should help you decide how best to reach attendees. These can include media releases, partnerships, mailing lists, website, social media, word of mouth, TV, radio and print advertising.

Parking

Parking needs to be carefully managed. Take into account the number of cars your event may attract, the lighting in the parking area if the event is after dark, clear marked signage and traffic controllers.

Accessibility

Assess your venue for accessibility. Event attendees with disabilities need to be able to enter the venue and use all amenities.

Event Evaluation

It's important to evaluate your event, reviewing your event will enable future improvements and growth. Ways to evaluate your event can include a survey, meetings with major partners and word of mouth.
